Food and Drug Administration

To Whom It May Concern:

I am writing to let you know that I oppose the Draft Memorandum being proposed by the FDA. I object to the definition of "inordinate amounts" which restricts the availability and the right to obtain medically necessary compounded medications. I personally deal with a compounding pharmacy for doctor prescribed medications. Without their abilities I feel my medical management would be compromised. Let's use reason - not big business!!!

Sincerely yours,

Joy Richardson
